

Project progress tracking

The screenshot displays the IBM Project Workspace interface. On the left is a navigation sidebar with options like Profile, Dashboard, Projects (selected), Change Password, Support, Orientation Sessions, Training Calendar, Assignment & Quiz, and Ask Me Anything Sessions. The main area has three tabs: Guided Project, Project Workspace (active), and Chat with Mentor. Under Project Workspace, it shows:

- Project Title**: Gas Leakage monitoring & Alerting system for Industries
- Team**: Represented by four orange circles, each containing a white letter 'S'.
- Industry Mentor(s) Name**: Kumar Juluri
- Faculty Mentor(s) Name**: P.CHANTHIYA

On the right side of the workspace, there are two progress indicators:

- Overall Project Progress**: A green circular gauge showing 91% completion.
- Assigned Tasks Progress**: A blue circular gauge showing 91% completion.

Below the workspace details is a section titled "GENERAL INSTRUCTION" with a "SHOW" button. At the bottom, there's a row of action buttons: "Git Repo", "Project Doc", "Demo Link", "View Mentor Comments" (with a red notification badge showing '0'), and "View Industry Mentor Comments" (also with a red notification badge showing '0'). A note at the very bottom states: "Note: Use password bgz0JOP to access Project Doc".
